

COMUNICAZIONI ORALI

Venerdì 30 settembre

- *The impact of the COVID-19 pandemic on the prognosis of laryngeal adenoid-cystic carcinoma*

I. Fatuzzo, A. Colizza, H. Elfrargy et al.

- *Functional profiles of curatively treated adenoid cystic carcinoma unveil prognostic features and potentially targetable pathways* - **L. Lorini**, C. Romani, M. Tomasoni, A. Bozzola, S. Battocchio, M. Ravanelli, D. Lombardi, S. Calza, C. Piazza, P. Bossi

Sabato 01 ottobre

- *Salivary liquid biopsy for HPV detection in patients with Head and Neck Squamous Cell Carcinoma*

A. Tel, M. Bulfoni, M. De Martino, B. Marcon, B. Krpan, E. Nencioni, C. Pipan, M. Isola, M. Robiony, F. Curcio

- *Clinical predictors of response to induction chemotherapy within organ preservation strategies for laryngo-hypopharyngeal cancers* - **A. Pinacoli**, C. Gurizzan, D. Smussi, M. Zamparini, L. Lorini, M. Maddalo, A. Paderno, M. Ravanelli, L. Costa, D. Mattavelli, D. Farina, C. Piazza, S. M. Magrini, R. Maroldi, P. Bossi

- *The role of Supraclavicular artery island flap in the head and neck reconstruction in Covid era*

C. E. Boschetti, R. Fragola, A. Pollice, S. Staglianò, D. Guida, R. Vitagliano, S. D'Amato, M. Santagata, G. Colella, G. Tartaro

- *Nuclear HER3 expression improves the prognostic stratification of patients with HER1+advanced laryngeal SCC*

D. A. Mele, G. Almadori, E. De Corso, S. Settimi, F. O. Ranelletti

- *Best treatment in patients affected by laryngeal cancer with arytenoid motility impairment: preliminary results of ARYFIX study* - **F. Mularoni**, E. Crosetti, F. Marchi, A. Lo Manto, C. Piazza, P. Nicolai, M. Ferrari

- *Alpelisib in recurrent/metastatic Head and Neck Squamous Cell Carcinoma (r/mHNSCC): a case report*

M. Valzano, I. Morelli, A. Romei, M. Ganovelli, I. Desideri, C. Becherini, V. Salvestrini, V. Scotti, L. Livi, P. Bonomo

- *Rapid Prototyping technologies in contemporary Mandibular reconstruction surgery*

M. Gilli, F. Giovacchini, V. Mitro, L.V. Pignataro, A. Tullio

- *Oropharyngeal squamous cell carcinoma: oncological outcomes and prognostic factors for patients with distant metastases*

M. Miglio, A. Lo Manto, F. Mattioli

- *Electrochemotherapy as an alternative treatment for squamous and basal cell carcinoma of maxilla-facial region: technological improvements* - **M. Gargiulo**, D. D'angelo, C. Petroccione, S. Razzano, A. Carotenuto, R. D'Alessio

- *Implantable doppler probe in free flap monitoring: monocenter preliminary experience* - **N. Caiazza**, V. Lupato, V. Giacomarra, R. Barazio

- *The impact of autofluorescence on postoperative hypoparathyroidism during total thyroidectomy*

D. Barbieri, P. Indelicato, A. Vinciguerra, A.R. Battista, C. Bramati, E. Salerno, A. Tettamanti, M. Bussi

- *The adoption of autofluorescence in total laryngectomy with hemi- or total thyroidectomy*

P. Indelicato, D. Barbieri, M.N. Melegatti, A. Vinciguerra, C. Bramati, E. Salerno, A. Tettamanti, S. Bondi, M. Bussi

- *Surgical lip cancer reconstruction in COVID-19 era: better free flaps or loco-regional flaps?*

S. Staglianò, G. Tartaro, C. E. Boschetti, R. Vitagliano, G. Colella

- *Predicting factors for oncological outcomes in hypopharyngeal cancer* - **S. Donvito**, A. Lo Manto, E. Serafini, F. Spina, D. Tonelli, F. Mattioli

- *Parathyroid hormone-related peptide and parathyroid hormone-related peptide receptor type 1 in locally advanced laryngeal cancer as prognostic indicators of relapse and survival* - **S. Settimi**, D. Mele, F. O. Ranelletti, G. Almadori

- *Clinical outcome of Nivolumab in older and frail patients with recurrent/metastatic head and neck squamous cell carcinoma*

V. Salvestrini, C. Becherini, M. Banini, I. Desideri, L. Caprara, V. Scotti, M. Ganovelli, I. Morelli, A. Romei, L. Livi, P. Bonomo

- *Pitfalls of skin lesions in the Head and Neck area* - **P. Guarino**, V. Carusi, C. D. Caporale

POSTER

1. *Intestinal metaplasia as precursor of intestinal type adenocarcinoma of the sinonasal region*

A. Orsatti, P. Farneti, G. Sollini, A. Tosoni, E. Donini, P. De Benedittis, A. Camagni, P. Galli, E. Pasquini, M. P. Foschini

- 2. Fine needle aspiration cytology (FNAC) of salivary glands, is the non-diagnostic category always a failure?**
A. Maritati, M. P. Foschini, E. D. Rossi
- 3. Multilayer anterior skull base reconstruction with cortical rib bone graft: preliminary experience**
A. Rosti, M. Fermi, I. J. Fernandez, E. Serafini, V. Sciarretta, L. Presutti
- 4. Paraglottic space invasion in glottic laryngeal cancer: a clinical-pathological study**
A. Lo Manto, M. Fermi, F. Mattioli, G. Di Massa, G. Gallo, M. Lupi, V. Maiolo, L. Lovato, L. Presutti
- 5. A rare case of calcitonin-secreting Neuroendocrine tumor of the larynx**
A. Abeshi, D. M. Filippini, N. Tober, P. V. Marchese, G. Lamberti, R. Agosti, L. Presutti, G. Molinari, M. Fermi
- 6. A multicentre retrospective analysis of recurrent/metastatic (RM) nasopharyngeal cancer (NPC) from non endemic areas: results in the pre-immunotherapy era** – A. Alberti, M. Zamparini, E. Orlandi, S. Grisanti, A. Trama, C. Resteghini, R. Mesia Nin, I. Mohamad, E. Ozyar, M. Buglione, M. Airoidi, S. Vecchio, L. Livi, B. Cirauqui, M. El-Sherify, S. Ursino, A. Argiris, I. Linares Galiana, L. Licitra, P. Bossi
- 7. Relationship between survival outcomes and modalities of detection of relapses in head and neck cancer follow-up**
A. Esposito, M. Maddalo, C. Gurizzan, L. Lorini, D. Smussi, A. Paderno, M. Ravanelli, D. Farina, C. Piazza, P. Bossi
- 8. Adjuvant Trastuzumab in HER-2 positive salivary duct carcinoma of the larynx – a case report**
A. Burato, F. Chiari, M. Mosca, E. Nobili, G. Siepe, I. Ammendolia, M. Fermi, T. Balbi, D. M. Filippini, L. Presutti
- 9. Large tumors with orbital extension: reconstructive options and our case series** - C. Liberale, V. Dallari, F. De Cecco, G. Molteni
- 10. Oral Candida is a risk factor for Radiotherapy-induced severe Oral Mucositis: a prospective observational study**
C. Rupe, A. Schiavelli, G. Gioco, M. Olivieri, M. Massaccesi, S. Settimi, D. Mele, G. Almadori, J. Galli, C. Lajolo
- 11. Thyroglossal duct cyst carcinoma in a 15-year-old female: a case report** - C. Galloni, P. Russo, F. Mattioli, D. Lucidi, D. Marchioni
- 12. Do we need to add postoperative radiotherapy in patients undergoing total laryngectomy for pT4N0 glottic cancer?** - E. Serafini
- 13. Squamous cell carcinomas of the preauricular-auricular region: reconstructive options for large defects**
F. De Cecco, V. Dallari, C. Liberale, A. Sacchetto, G. Molteni
- 14. ENT complications of hadrontherapy: as rare as it is complex** - F. Chiari, D.M. Filippini, G. Cianci, A. Burato, L. Presutti, G. Molinari
- 15. Tumor volume and tumor sphericity in oral squamous cell carcinoma: how these features could influence the patient prognosis** – F. Ricotta, E. Lucchi, V. Maiolo, F. Vitali, B. Bortolani, L. Cercenelli, E. Marcelli, C. Marchetti, A. Tarsitano
- 16. Parapharyngeal metastases of squamous cell carcinoma: a review of retrospective**
G. Cianci, F. Chiari, G. Molinari, M. Fermi, C. Botti, I. J. Fernandez, L. Presutti
- 17. Collision metastasis from unknown primary squamous cell carcinoma and papillary thyroid carcinoma**
G. Ferrulli, A. Lo Manto, F. Mattioli
- 18. 99mTc-labelled tilmanocept vs 99mTc-labelled colloids in sentinel node biopsy in oral cancer patients**
J. Benerecetti, J. Ali, L. Tognin, M. Bellinato, T. Poli, D. Lanfranco, L. Ruffini
- 19. Sinonasal papilloma inverted type (SPIT): a case series focusing on malignant transformation**
L. Righini, P. Farneti, G. Sollini, A. Camagni, P. Galli, E. Pasquini, M.P. Foschini, M.O. Alalfi
- 20. Laryngeal osteosarcoma. Our experience and systematic review of the literature** – L. Vargiu, M.C. Cimatti, L. Amorosa
- 21. Immunohistochemistry for PRAME in Mucosal Melanoma of the Head and Neck region: a preliminary study**
M.V. Altavilla, C. Ricci, B. Corti, O. Piccin, E. Pasquini, T. Balbi, M. Grillini, A. D'Errico, M. Fiorentino, M.P. Foschini
- 22. Evolution of secondary reconstruction of mandible with the aid of CAD-CAM system**
M. Bellinato, L. Tognin, J. Ali, J. Benerecetti, G. Perlangeli, A. Ferri, S. Ferrari
- 23. Prolonged response to fourth line paclitaxel in a patient with metastatic immune-refractory oropharyngeal squamous cell cancer**
M. Mosca, E. Nobili, D. M. Filippini
- 24. Tonsillar localization of mucous leishmaniasis mimicking oropharyngeal tumors: diagnostic challenges**
R. Albertini, V. Gaspari, R. Consalici, P. Farneti, L. Amorosa, E. Pasquini, M.P. Foschini
- 25. Artificial intelligence in pathological head and neck cancer diagnosis, an update**
S. Bassani, N. Santonicco, A. Eccher, I. Girolami, G. Molteni
- 26. Versatility of the submental flap for reconstruction in head and neck** – G. Molteni, V. Dallari, C. Liberale, N. Caiazza, A. Sacchetto
- 27. Impact of the COVID-19 pandemic on head and neck cancer diagnosis: data from a single referral center, South Tyrol, northern Italy** – V. Dallari, L. Gazzini, E. Fazio, R. Accorona, M. Abousiam, A. Nebiaj, G. Giorgetti, F. Vittadello, G. Mazzoleni, L. Calabrese
